

Great Lakes Basin Fish Habitat Partnership Application Template for USFWS Funding Received through GLRI

Please submit to pam_dryer@fws.gov by COB February 12, 2010

PROJECT NAME:

PRIMARY CONTACT: (include name, affiliation, e-mail and phone)

PROJECT LOCATION:

State:

County:

Nearest Community:

Legal Description:

Latitude (Decimal degrees, NAD-83):

Longitude:

CHECK THE FOCUS AREA AND SUBAREA(S) YOU ARE APPLYING UNDER:

- 1) Fish habitat protection and restoration, specific to one or more of the following:
 - Tributary stream restoration or protection to improve:
 - Fish and aquatic species passage
 - Riparian habitat
 - Large woody debris
 - Water temperatures
 - Natural stream flow functions
 - Natural stream channel form
 - Coastal and connecting channel wetland restoration, enhancement and protection
 - Connecting channel restoration or protection to improve:
 - Fish and aquatic species passage
 - Riparian habitat
- 2) Inventory and assessment of habitats in local watersheds that will lead directly to future on-the-ground projects. We will limit funding for this focus area to no more than 25 percent of available project funds.

Explain how the project addresses the above area(s) checked:

BRIEF PROJECT DESCRIPTION (350 characters maximum for each):

Problem to be solved:

Methods to be used:

What you will accomplish (include specific outputs from the project, such as miles of stream restored to fish passage, acres of habitat enhanced):

LIST PRIMARY FISH SPECIES OR COMMUNITY BENEFITED:

DATE OF ANTICIPATED PROJECT COMPLETION:

PROJECT PARTNERS: (designate recipient of GLBFHP funds)

FUNDING REQUEST FROM GLBFHP:

ESTIMATED FUNDING AND IN-KIND PROVIDED BY OTHERS (please use below table; example provided):

Contributing Partner	Partner category	Project Need Addressed	Cash	In-kind	Total Amount
DNR (River grant) (Trout stamp)	state	Technical expertise Construction Purchase of materials	10,000 10,000	5,000	25,000
Land Conservation	county	Engineering & Design	10,000		10,000
XX TU Chapter	NGO	Volunteers & cash	5,000	10,000	15,000
University XXX	academic institution	Monitoring		2,500	2,500
GLBFHP request*	federal	Purchase of rock/ materials, Construction management	13,000		13,000
TOTAL PROJECT					XXX.XX

*Please identify amount of indirect costs if those costs are included in your request. We encourage minimizing indirect costs (5% or less).

GENERAL CRITERIA (Please limit each response to 1000 characters):

How is the project part of a watershed-scale effort that addresses ecological and hydrological processes which result in positive effects on fish habitats and populations?

How will the project be monitored/evaluated?

Will the project incorporate best management practices that prevent spread of invasive species and/or use most current science/technology? If so, explain.

MAP OF PROJECT AREA (one only)

Please provide one map of the project area:

- Color or black and white
- Show scope and location of project

PHOTOGRAPH(S) OF PROJECT AREA (required)

Photographs of proposed project area. Each photo should be in JPG, TIFF, GIF, WMF or bitmap format and accompanied by:

- A short, descriptive caption
- Credit: Photographer's name/organization

WOULD YOU LIKE TO BE ADDED TO THE GREAT LAKES BASIN FISH HABITAT PARTNERSHIP E-MAIL LIST? This would allow you to get direct, periodic updates of Partnership plans, activities and future RFPs. Yes E-mail: _____
 No
